Reports on 2021-22 from Councillors –

3/22.1 Burial Committee – The cemetery has been regularly inspected and maintenance work is ongoing including painting the railings. A survey of plot numbers has been undertaken and the committee are looking into the possibility of having remains interred into the walls. The water to the outside tap has been turned off for two months following a number of thefts. Overall it is running smoothly and the finances are good.

3/22.2 Planning summary – Cllr Raine has updated the planning register so applications, consultations and enforcement cases can be tracked easily. Notable planning issues this year have been:

- The appeal against refusal of permission for the travellers site at Hillam Lane was dismissed on 10th May 2022
- The application to continue the permission for the travellers site on Land North of Border Farm is ongoing.
- The enforcement action on the Land off York Road, Brotherton is ongoing, with timescales in place for the different stages of removing the development and re-instating the land to its previous state.
- The travellers site next to the A1 is also ongoing and will continue to be monitored.
- The Yorkshire Green Energy project is expected to be rolled out over the next couple of years. The Parish Council have not objected in principle to the project but will continue to participate in community consultations.

3/22.3 Financial position – The Parish Council remains in a stable financial position with a surplus generated in year of £1,897, resulting in funds to carry forward to 2022/23 of £11,437. The Parish Council have planned to invest surplus funds into the replacement of obsolete street lights in the village.
